### **Words of Pope Francis**

"In the world, in society, there is little peace because dialogue is missing; we find it difficult to go beyond the narrow horizon of our own interests in order to open ourselves to a true and sincere comparison. Peace requires a persistent, patient, strong, intelligent dialogue by which nothing is lost. Dialogue can overcome war. Dialogue can bring people of different generations who often ignore one another to live together; it makes citizens of different ethnic backgrounds and of different beliefs coexist. Dialogue is the way of peace. For dialogue fosters understanding, harmony, concord, and peace. For this reason, it is vital that it grow and expand between people of every condition and belief, like a net of peace that protects the world and especially protects the weakest members."

#### **Christian Persecution:**

The plight of Christians around the world, especially in the Middle East, has become a major catastrophe. Massive numbers of Christians are being subjected to violence, displacement and even death, explicitly because of their faith. Yet there is little attention being paid in the West, and few governments are saying anything in response. However far away, we are still impacted by the sufferings of our fellow Christians; we are all one human family. Catholic social teaching calls us to stand in solidarity. The Middle East is the birthplace of Christianity; it is the land of Jesus' life, death and resurrection. It's time to take action! For information, see [www.archny.org/persecution-of-christians](http://www.archny.org/persecution-of-christians).
