## GETTING GREENER!

### St. Patrick's Parish Envelope Usage Review

We are trying to reduce waste! A large number of our parishioners are signed up to receive envelopes but prefer not to use them. We will remove all parishioners from our envelope mailing list who have not used their envelopes since January 2017. Please note that you will STILL be our parishioner! The only change will be that you won't receive the parish envelopes in the mail any longer.

If you have used your envelopes at any time in the last two years, you will automatically continue to receive them and no further action is necessary.

If you are among those who have been removed but want to be put back on our parish envelope list, just send us an email at [patrick485@optonline.net](mailto:patrick485@optonline.net) or call at 914-234-3344.

Thank you!

## FROM THE PASTOR'S DESK:

The Apostles often displayed a lack of understanding of who Jesus was and what His earthly mission was all about. The Gospel this week highlights the lack of comprehension on the part of James and John. They ask Jesus to grant them places of honor when He comes into His glory. Jesus reminds them that as His life included suffering so would theirs. Eternal glory comes to only a life of service. Jesus came not to be served but to serve. His disciples must be people who serve others as well.

Today is World Mission Sunday. The Church recognizes the men and women who serve others by bringing them the Good News of salvation and God's love. Throughout the world these missionaries often labor under the most difficult conditions. Let us remember them in our prayers and remember that there is a missionary dimension to our lives too. We are called to serve others in our community, our parish and our family by sharing God's love through our words and our actions.

Msgr. John T. Ferry

## WORDS OF GRACE:

### **Called to Serve**

What fills the heart with happiness, ironically enough, is not what we get out of the world; it's what we put into it. Being about something worthwhile, spending our lives on something worth spending a life on is what, in the end, makes us happy, we need to find out what we do best and do it to the utmost so that having done our part in this co-creation we can have the satisfaction such a life deserves. We need to learn that giving ourselves to something worth doing is more important, more valuable than giving ourselves only until something better, something more exciting, something more lucrative comes along.
